ASSESSMENT QUALITY REQUIREMENTS

Version: 2.2.
Author: Wolfgang Feil
Issued: March 2015

To-do-List EBS/EBSQ

- keep the website up-to-date
- support the Divisions and Working Groups in their development
- support new Working Groups for "transferable competencies"
- enhance contacts and cooperation with national and international scientific societies
- publish guidelines for quality management of Board Fellowship
- support all efforts for full legalisation and mutual recognition of the UEMS Board Fellowship F.E.B.S.
- coordinate pooling of pending CESMA guidelines and EBS documents ("Assessement Quality Requirements")

To-do-List
Divisions/Working Groups

- nominate national delegates for active cooperation
- update/adjust all documents according to EBS standards (Statutes)
- Syllabus with "Theoretical Knowledges" and "Practical & Clinical Skills"
- implement quality criteria and process descriptions in the Board qualification following EBS standards
- define Eligibility Criteria (Exam & HD)
- cooperation with scientific societies (for Board Exam)
- update website
