- + 20/22 provide an exam: 19 written, 14 oral (including 13 both) (plus one planned – clinical genetics)
- + 2 formative only, 9 summative only (5 both offered)
- + 13/19 written exams use on-line commercial provider
- + 1 written exam is on-line in-house (hand surgery)
- + 1/14 oral on-line commercial provider (ORL) (+2 planning?)

# Commercial On-line Exam Providers

+ Orzone:	7
+ Pearson Vue:	4
+ UCAN:	1
+ Prometrics:	1
+ ERS/Swiss:	1
+ (Speedwell optical sheets:	1)

# Conclusions

- + Gradual progression towards on-line exams
- + All but one of our exams are written, most also add oral
- + Commercial providers make on-line exams easier to manage
- + Minimum candidate volume needed for commercial providers to be viable
- + In house solutions tend to use optical mark sheets
- + Need advice from those who've gone down the route before!
