**Training and Research for Europe –  
from Basic to Advanced**

© Eduardo Perez

Dear friends and colleagues,

On behalf of the European Academy of Otorhinolaryngology, Head & Neck Surgery it is my privilege to welcome you to Mannheim for the 1<sup>st</sup> Meeting of the European Academy of ORL-HNS in collaboration with EUFOS, the largest congress of its kind in Europe, under the motto „Training & Research for Europe - from basic to advanced“.

I am delighted to present a broad spectrum of topics that will address you on a high level and will cover the most relevant and recent conceptual, surgical and technological advances in selected challenging areas of Otorhinolaryngology as well as Head and Neck Surgery.

As you know, the EAORL-HNS and its subspecialty societies were in charge of the very successful 6<sup>th</sup> EUFOS Congress 2007 in Vienna. The programme structure will be based on the valuable experience gained in Vienna, but has been refined for the Mannheim meeting by focussing even more on education and lively interaction.

**The second European ORL-Board Examination (written part I, MCQ) 2010 May 29 during the ESPO 2010 Pamplona**
