

WHAT MORE SHOULD THE EACCME ACCREDIT?

Dr. Hannu Halila

Deputy CEO, Finnish Medical Association

MD, PhD, Specialist in Obstetrics and Gynaecology

*Adjunct Professor of Health Care Administration,
eMBA*

*UEMS Conference on CME-CPD in Europe
Brussels, 28th February 2014*

Declaration of conflict of interest

- Employed by the Finnish Medical Association
- Adjunct professor of health care administration, University of Helsinki
- Practicing private gynaecologist
- Past-President, UEMS, European Union of Medical Specialists
- Member of the Rome CME/CPD Group sponsored by the Society for Worldwide Medical Exchange

EACCME Accreditation Presently

- From a slow start in 1999 the EACCME has grown into a well established international system ensuring the quality of CME/CPD
- **Methods :**
 - Live educational events (started 2000)
 - E-learning materials (started 2009)

Provider accreditation?

- UEMS Council has established the status of “frequent provider” for EACCME
- Could this be a step towards provider accreditation?

CanMEDS Model for the Different Roles of a **Medical Expert**

- Professional
- Communicator
- Scholar
- Collaborator
- Health Advocate
- Manager

- Most CME/CPD presently falls into the category of **professional**
- Could the CanMEDS Model be used more widely for accreditation and providing CME/CPD in other areas as well?

AMA, American Medical Association

- The physician's recognition award and credit system
- Credits can be obtained from:
 - Live activities
 - Enduring materials
 - Journal-based CME
 - Test item writing
 - Manuscript review for journals
 - Performance improvement CME
 - Internet point of care

CME/CPD FORMULA

$$WD_{LB} + LU_{BB} = K + S (+ A)$$

Davidoff, 1995

WD_{LB} = Write down in the little book

LU_{BB} = Look up in the big book

$K + S (+ A)$ = Knowledge + skills (+ attitudes)

THANK YOU FOR YOUR ATTENTION
