# DOMUS SPIRIT

« The UEMS House - Domus Medica Europaea is the fulfilment of a long-cherished dream of UEMS. A state-of-the-art building has been created in which European medical organisations will find their common house and meeting space. Our facilities are available to the UEMS Sections, Boards, committees, working groups and for examinations and to all colleagues, institutions and organisations looking for a place dedicated to health care issues. It is my greatest pleasure as the current President of UEMS to welcome everyone to this unique establishment.»
