

UEMS-CESMA APPRAISALS: REFLECTION NEEDED

Prof. dr. Danny G.P. Mathysen

UEMS-CESMA Meeting – Brussels, Domus Medica

December 8th-9th, 2023

Conflict on two exam appraisal requests: discussion in closed meeting

UEMS-CESMA Appraisals - evolution of costs

In terms of organisational structure of the examination

- Part 1 only versus multiple parts of the examination

In terms of size of the examination

- Small number of candidates versus large number of candidates

Can't you see she's drowning?

She's just doing it for attention.

Someone should help her.

If we acknowledge her, she won't stop.

I think she's in danger.

She's just feeling sorry for herself.

It's too late now. She's gone.

Why didn't she ask for help?

UEMS-CESMA Appraisals: current situation

Prior to COVID pandemic:
many applications

+

several new applications
during COVID pandemic

+

numerous re-appraisals
to be performed

=

WE NEED YOUR HELP

UEMS-CESMA Appraisals - capacity

Currently limited (wo)manpower

- 6 UEMS-CESMA Appraisals / year seem feasible
- If needed, preselection on UEMS affiliation of the examinations might be needed
- Unless we can significantly increase the (wo)manpower, which would result in larger capacity for UEMS-CESMA Appraisal

The UEMS-CESMA Appraisal
process is currently under
revision: training workshop
at May 2024 meeting
