

Turkish Surgical Association

Prof Seher DEMIRER, MD

The President of Turkish Surgical Association

Ankara University

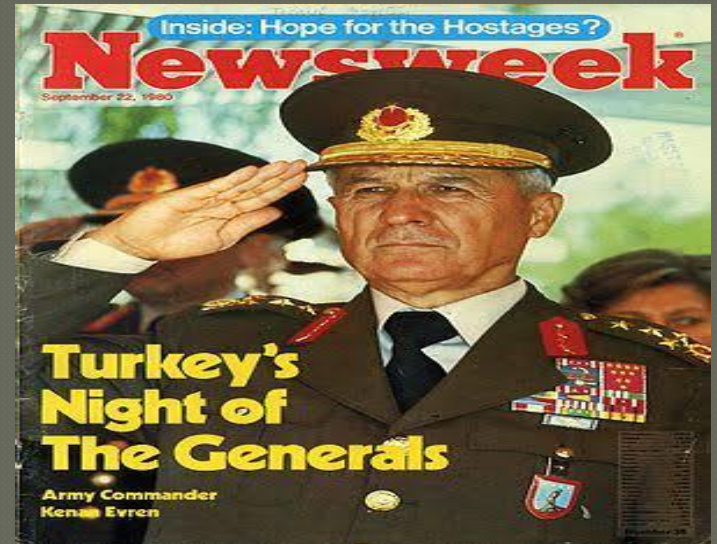

General Surgery Department

- Turkish Surgical Association was established in 1929
- This first association has held some national meetings every 2 years

- The military coup regime closed all associations in 1980. Therefore our surgical association was closed.

Our association was soon re-established in 1982 in Ankara

in our country is 282

ISTANBUL

- İstanbul is our old capital.
- İstanbul is very crowded but it is a very pleasant city with many historical places.
- I wish you a successful meeting and a pleasant time in İstanbul
