| 27/9/18 | Fee examiners | | € 2.200,00 |
| 16/1/19 | Situation | € 4.089,83 | |

In the last meeting, Xavier asked Council for the necessary documents of the accrediting centers activity to launch of level of division.

This important point and the risk to UEMS to loose this item.

The program is active and well organized

It will be a great idea to get an official recognition from UEMS in connection with E-AHPBA similar to FEBS (HPB) exam

Important issue

The Accreditation Process

The accreditation process comprises three steps:

- 1) Self-assessment / eligibility
- 2) Audit
- 3) Reporting

Accredited centres will be acknowledged on the E-AHPBA website for fellowship positions and will be closely involved in the development of educational strategies of the E-AHPBA.

Union Européenne des Médecins Spécialistes (UEMS) Examination on HPB Surgery

On behalf of the UEMS, the E-AHPBA organizes European Board of Surgery Qualification (EBSQ) examination on HPB Surgery during most of its meetings. Information on the conditions, the syllabus and the procedure for application can be found on the website of UEMS Surgery (www.uemssurg.org).

Chairman of the Division HPB Surgery

UEMS exam, Amsterdam, June 2019

Candidates who have successfully passed
the EBSQ HPB assessment:

Thank you
