Consensus statement
Continuing Professional Development for doctors
Luxembourg 2015

The organisation of healthcare is a national competence in line with the principle of subsidiarity.

To strengthen national systems and improve cross-border cooperation organisations involved in CPD should exchange information, establish and disseminate best practices at National and European levels.

Learning needs arise from daily practice. Some degree of formalization and appropriate documentation, such as records, of CPD is necessary both for the doctors themselves, for employers and society.

Plato's myth of the cavern
PLATO'S ALLEGORY OF THE CAVE IS WHAT MANY BELIEVE TO BE THE FOUNDATION OF WESTERN PHILOSOPHY

IT ALSO CONCERNS THE MEANING AND IMPORTANCE OF EDUCATION
PLATO'S ALLEGORY OF THE CAVE
PLATO’S CAVE:
