ETR REVIEW COMMITTEE

Union Européenne des Médecins Spécialistes
Lise Carratala, EU Policy Officer
Lise@uems.eu
UEMS Goal

To Achieve the highest level of specialist training and medical care in Europe
UEMS ETR

- Aim to advance and harmonize the standards of specialist training across Europe and consequently safeguard quality of patient care
UEMS ETR Process

• Prepared by Specialist Sections / Boards / MJCs
• Consultation with other interested specialties
• Cooperation with a Scientific Societies
• Consultation with patients organisations
• Adoption by the UEMS Council
• Voluntary implementation in MS
ETR Review Committee

• The ETRs Committee was established at the UEMS Council meeting three years ago aiming to support UEMS Specialist Bodies that have produced ETRs to have a comprehensive peer review and possible amendments prior to an open discussion at the Council meeting.

• The aim of the ETRs Committee is to serve as an advisory forum to UEMS Specialist Bodies that wish to produce ETRs.
ETR Review Committee

• Advisory Body
• Ensure the broadest consultation
• Facilitate pre-Council dialogue
• Ensure respect of deadlines
Composition

- The UEMS Secretary General (Chair)
- Two UEMS Vice-Presidents
- Representatives of each of the three Groupings of Sections
- Three representatives from the National Medical Associations
- An administrator from the UEMS office
