UEMS is real projects for real people in real life.

Prof. Vassilios Papalois • President of the UEMS

Introduction

On behalf of the European Union of Medical Specialists (UEMS), we are delighted to invite you to become a valued supporter of the 1st UEMS Congress, scheduled to take place from 27th to 30th May 2026 at the University of Leuven, Belgium.

This landmark event aims to bring together 750-1,000 participants to discuss critical issues shaping health professionals' education and practice.

The UEMS congress represents an exciting opportunity to further strengthen partnerships, foster innovation, and tackle challenges collaboratively in the rapidly evolving healthcare landscape.

We would be honored to have your organisation join us as a sponsor or exhibitor, enabling you to engage with a highly influential audience and demonstrate your commitment to the advancement of medical excellence across Europe.

Who we are

The UEMS, established in 1958, is a European non-profit organisation **representing more than 1.6 million specialist doctors**, from 42 countries, i.e. all EU countries and beyond.

UEMS bodies represent more than 50 medical disciplines and platforms of discussion to address multi-disciplinary issues. Through the UEMS, medical specialists have their views and concerns promoted through one stronger voice.

The UEMS core objective is to improve patient care throughout Europe by developing and supporting excellence in specialist medical practice.

We aim at ensuring quality education and specialist training, at promoting the highest standards of medical care in Europe, and at supporting the interests of medical specialists in their training and practice.

Key activities of the UEMS

Post-Graduate Training

Develop standards in training, i.e. European Training Requirements in 60+ medical disciplines

Organise 40+ European exams every year

Accredit training centres

Continuing Medical Education

Accredit more than 2,500 medical educational activities, live or online, in Europe every year.

Advocacy for medical specialists

Advocate for PGT and free movement of specialists

Support and defend best possible medical practice

Participate in EU-funded projects on medical training and practice

About the congress

With the organisation of the 1st UEMS Congress in Leuven on 27th to 30th May 2026, the UEMS' overarching objectives are:

Addressing critical issues through impact-oriented sessions

Crafting dynamic, participatory sessions to set a forum where a unified approach to addressing the challenges and opportunities in healthcare education and practice can emerge.

Deepening connections with other organisations

Connecting health professionals, decision-makers, allied organisations, and educators to engage, promote interdisciplinary learning, and enhance our impact and relevance on pressing topics.

Facilitating networking within the organisation

Promoting robust connections among UEMS members to strengthen internal collaboration, knowledge-sharing, and collective problem-solving.

By focusing on these outcomes, the 1st UEMS Congress aims to leave a lasting impression on participants and the broader medical community, contributing to the advancement of professional standards and practices.

An application for accreditation of this event will be made.

Why sponsor the 1st UEMS Congress

By sponsoring the 1st UEMS Congress, your organisation will:

Gain visibility and recognition

Showcase your brand to up to 1,000 professionals from diverse sectors of the healthcare community.

Foster valuable connections

Build partnerships with leading medical specialists, regulatory bodies, and decision-makers across Europe.

Demonstrate leadership

Position your organisation as a key supporter of health professionals and of patient care.

Sponsorship opportunities

All advertisements need to be approved by the UEMS.

Main themes of the 1st UEMS Congress

Over the course of four dynamic days, and through original sessions, the 1st UEMS Congress will explore the following key themes:

Future of healthcare systems and healthcare provision in Europe

Appraisal of paradigms: challenges, achievements, and aspirations in healthcare provision and medical practice at national, EU, and global levels

Medical specialist practice, notably workforce planning, and ensuring good working conditions and work-life balance

Evolving trends

- Green and sustainable medical practice
- Equality, diversity and inclusivity & medical ethics
- AI and big data in medical practice

Training requirements, and new methods of assessment

How to get involved?

We would be pleased to work closely with you to tailor sponsorship benefits which align with your organisational goals.

Please do not hesitate to contact us to discuss customised sponsorship packages or to explore other ways in which your organisation can participate in the 1st UEMS Congress.

Thank you!

Thank you for considering this unique opportunity to support the 1st UEMS Congress. Your sponsorship will enable us to deliver a world-class event which encourages collaboration, innovation, and progress in the healthcare sector.

We look forward to the possibility of working together to make this event a resounding success.

Warm regards,

**Prof. Vassilios Papalois,
President**

Professor of Transplantation Surgery and Consultant Transplant and General Surgeon at the Hammersmith Hospital, Imperial College, London, UK. He represents the UEMS and presides over all UEMS meetings.

**Dr João Grenho, Secretary
General**

Head of the General Surgery Department at Hospital da Luz Oeiras in the outskirts of Lisbon, Portugal. As Secretary general, he is the head of the UEMS-European Accreditation Council for Continuing Medical Education.
