EUROPEAN UNION OF
MEDICAL SPECIALISTS

The advocate of medical specialists

UEMS European Board of Surgery Body Report

Body: The European Board of Surgery (EBS)

Author: Arthur Felice

President of the EBS and Vice-president of the UEMS Division of General Surgery

The UEMS Body Template.

This is not applicable to the UEMS European Board of Surgery because of its particular organisational structure. The template is relevant to NMAs, Sections, Divisions, Working Groups and MJsCs.

The organisation of the European Board of Surgery is designed in a flat, multi-layered, collective member driven paradigm, avoiding pyramidal structures. This allows for decisions to be taken at nodes where there is more knowledge and skills. To note the structural change in 2024 with the addition of a 4th Focus Group dedicated to the Engagement of Fellows within the UEMS.

Topics tackled since February 2025 (date of the last UEMS EBS Body Report):

- 1. Standardisation/Harmonisation of the various UEMS EBSQ Surgical Exams**
- 2. Leading on Standardisation of Terminology, Glossary and List of Acronyms for WG Postgraduate Training : 3rd draft stage – Ongoing**
- 3. Reviewing new or re-edited Specialty ETRs – Ongoing**
- 4. Formalising the Engagement of Fellows: Spearheaded by Christos Markopoulos in the corresponding EBS FG and Division of Breast Surgery, and Mohammad Umair within the Division of General Surgery (Launched ESFN)**
- 5. Re-visiting the issue of ‘Assessment Misconduct’**
- 6. More on documentation and safekeeping of Lists of Fellows with contact addresses**

This Report follows on a similar UEMS Body Report dated February 2025.

Arthur Felice

President of the European Board of Surgery

11/08/2025

Section for Infectious Diseases Report

Report of the year : September 2024/September 25

- Our pilot exam was organized in January 2025
- Analysis of this pilot exam, and discussion:
 - Remote exam, organized with the CYIM platform
 - 115 candidates
 - The pilot exam was considered valid, with reliability confirmed through consistency checks.
 - Country success rates ranged from 63–75%.
 - Overall satisfaction was high (scores out of 10): clarity (8), platform (8), timing (9), price (7–8),...
 - The organization of an European exam was decided to be in 2027 due to financial concerns (high platform cost, acceptable fees, etc..)
 - Discussion about funds from the European Society of Microbiology and Infectious Diseases (ESCMID), and national societies are ongoing
 - We need questions for the bank. 2 on site meetings dedicated to question writing were organized, the last one (september 2025) with the help of an education expert from Ireland.
- The financial report shows a current balance at €1,488.86, that is quite low but some incomes are expected (8000 from ESCMI, and countries' fees). The major expense was the exam. It explains the difficulty for section's delegates to attend all UEMS meetings during the year.
- We decided to contact a technical support for our ID website, which is currently unavailable.
- An « European tour » was performed during the annual meeting in order to have news from all countries in the field of Infectious Diseases : number of trainees, number of specialists, recognition of the specialty. Spain is currently the only European country without any official Infectious Diseases specialty, but it seems the decision in favor of recognition could be made soon.
- A new board was elected, as following, at the end of the annual meeting (27 September 2025) :
 - **President** : Jean Paul Stahl
 - **Secretary**: Sylviane Defres
 - **Treasurer**: Transition plan – Annelies will be Treasurer until the end of 2025 with Paul de Munter as **Associate Treasurer** until 2026, after which he will take over as **Treasurer**
 - **CME representative**: Lars Kepple

EUROPEAN UNION OF
MEDICAL SPECIALISTS

The advocate of medical specialists

- **Board Exam representative:** Eoghan De Barra
- **EBID / CESMA representative:** Søren Jenssen-Fangel

Projects for 2026

- To try to obtain funds for ID exam
- To update our ETR
- To increase the number of questions to be included in the bank
- To organize a « test and train » session for the exam, during the annual European meeting about Medical Microbiology and Infectious Diseases (ESMID Global)
- To get CESMA validation for the exam

Pr. Jean Paul Stahl, president of the ID section

Multidisciplinary Joint Committees

UEMS BODY REPORT – 09/2025

UEMS Body name	MJC on Adolescent Medicine and Health	
Website link	-	
Bureau of the Section/MJC/TFs	President: assoc. prof. Lina Zabuliene Email: lina.zabuliene@mf.vu.lt	Secretary: - Email: -
	Treasurer: - Email: -	Vice-President: Anna Gutniak Email: agutniak@gmail.com Vice-President: Bernarda Vogrin Email: bernarda.vogrin@hotmail.com
Secretariat of the Section <i>If you have a Secretariat, who takes care of it, and where? (E.g., administration done by the Section, Scientific Society, or external legal entity)</i>	No Agendas and minutes taken care of by the President or Vice Presidents of MJC	
Date and location of upcoming meetings	Nov-Dec 2025, online	
Number of delegates in your Section	31 registered delegates	
European Training Requirements	Not an ERT	A short list of training objectives was submitted for discussion during the UEMS General Assembly in October 2021. The "Training Objectives for UEMS Specialists Pertaining to the Care of Adolescents and Young Adults" were officially validated during the General Assembly on 30th April 2022, with the latest version from September 2022 available on the UEMS website: Our structure uems.eu (odoo.com) Supported by EuTEACH, the MJC has developed related tools (slides, videos) that are available on the EuTEACH website. The first draft of the Adolescent Medicine curriculum (module description) was introduced in August 2024 and discussed with MJC delegates and the presidents of EuTEACH and the European Academy of Paediatrics (EAP), invited to the MJC meeting in September 2024. Discussion with EUSUHM, IAAH, and UEMO was held in October 2024. An agreement for Transition Medicine ETR was obtained between various third parties (EAP, EUSUHM, IAAH, UEMO, and AMSE representatives)

European Examinations	No	No European examination is available. However, adolescent health topics are included in the examination for paediatric residents organized by the European Board of Paediatrics (EBP).
Exam Appraised by CESMA	No	Discussion is ongoing regarding integrating adolescent health and Transition medicine topics into UEMS disciplines' exams. This will be addressed at the UEMS Council in April 2026 or October 2026
Honorary Diplomas	No	
Preparatory Course	EuTEACH will organize a yearly training course on adolescent medicine and health. It will take place in summer 2026 in Lausanne, Switzerland, based on the training objectives available on the UEMS website. In Greece, there are three active 2-year Fellowship programs in Adolescent Medicine, running in the capital of Athens (2 fellowship programs by the National and Kapodistrian University of Athens) and Thessaloniki (1 fellowship program by the Aristotle University of Thessaloniki). There is also an E-learning program in Adolescent Medicine at the National and Kapodistrian University of Athens entitled "Psychosomatic and Cognitive Development, Reproductive Health, Nutrition, Sports & Adolescent Stress".	
Number of EACCME events reviewed in your specialty in 2023	-	
Names of EACCME reviewers (please add row if you have more back up reviewers)	Name:- Email:-	Name:- Email:-
Visitations of training Centres	NA	Consideration for future initiatives.
Please list joint activities with other UEMS bodies (participation in MJCs, TFs, etc... list available here)	Assoc. Prof. Lina Zabulienė is a representative of Lithuania at the UEMS Endocrinology Board, a Rare and Undiagnosed Diseases MJC member, a member of the UEMS Working Group for Ukraine, and a member of the UEMS Laboratory Diagnostics Interest Group.	
Please list joint activities between your Section/MJC and the relevant European Scientific Society	If you have a written agreement, please name it. Assoc. Prof. Lina Zabulienė, MD, PhD, is a member of the Clinical Committee of the European Society of Endocrinology (ESE). She was a member of the Program Organizing Committee of the European Society for Paediatric Endocrinology (ESPE) and the ESE Joint Congress in May 2025. Since March 2025, she has been invited to be a Board member of the European Board Examination in Endocrinology, Diabetes, and Metabolism (EBEEDM). She is a member of the group for the ESPE-ESE Transition of Care Project.	

		Dr. Anna Gutniak, MD, is a founding Nordic Adolescent Medicine Network member. She started the National Youth Council in Sweden. She has been elected to participate in a national group working with aspects of transition. She also serves as the secretary of the Swedish Association of Adolescent Medicine. Dr. Bernarda Vogrin, MD, PhD, is a board member of EUSUHM and a member of the organizing committee of the joint 23rd EUSUHM Congress and 24th IAAH European Regional Conference on Adolescent Health, “Stronger together.” It will take place from the 24th to the 26th of September 2026 in Portorož, Slovenia. Professor Flora Bacopoulou, MD, PhD, was an examiner for the International Federation Examination of Pediatric and Adolescent Gynecology (IFEPAG) in 2024. As a founding member of the Hellenic Society for Developmental-Behavioral Pediatrics & Adolescent Medicine and Health Care, she has also been actively involved in the European Society for Paediatric Endocrinology (ESPE), the European Society of Contraception and Reproductive Health, and the International Association for Adolescent Health.
Are you involved in projects funded by EU?	Yes	Name: Professor Flora Bacopoulou is participating in Greece's EU-funded program “HEALTH HUB - Healthcare & Pharmaceutical Industry Transformation through Artificial Intelligence Digital Services” (code 6001682).
IT provider (e.g., website, examination)	"Training Objectives for UEMS Specialists Pertaining to the Care of Adolescents and Young Adults" is available on the UEMS website: Our structure uems.eu (odoo.com). Teaching tools (slides, videos) are implemented across multiple platforms, including UEMS and EuTEACH website: www.euteach.com	
Comments	We are grateful for the ongoing support from Prof. Pierre-André Michaud, former MJC president, UEMS President Prof. Vassilios Papalois, the UEMS ETR Review Committee members, the UEMS governance team, and the collaboration with EuTEACH, the European Academy of Paediatrics, and EUSUHM.
