Draft AGENDA

4. UEMS CPD Charter – follow-up

UEMS CPD Charter was adopted at the UEMS Council meeting in Tbilisi, Georgia on October 18, 2025. The final version of it is attached.

The WG can still discuss the further use of this keystone UEMS document.

5. Questionnaire about the current situation regarding CME/CPD situation in the UEMS Member countries

There is no clear picture of the current state in UEMS Member countries. Some information about the CME/CPD situation can be gathered from the National Reports to the Council. But this is rather limited and not all member countries send their report.

The need for a questionnaire was discussed and accepted at meetings of the Working Group.

The questionnaire (attached) was sent to UEMS Members (NMAs) in the beginning of August 2026 with reminders later on and still on October 5.
