Comments	It was decided to change the term “bureau” into “executives” and also include chair/vice-president for ETR (education) and chair/vice-president for Assessment as permanent executives members. Subsequently “board” became obsolete, as the functions and goals are incorporated in enlarged executives (Conclusions of Section meeting, Ingelheim 19-20 April, 2024). -Revista de Medicina Laboratorio bi-language peer review journal: Written agreement with Asociacion Espagnola de Patologia Medica -

UEMS Body Report for the European Board of Surgery (EBS) September 2024

Body: The European Board of Surgery (EBS)

Author: Arthur Felice

President of the EBS and Vice-president of the UEMS Division of General Surgery

The UEMS Body Template.

This is not applicable to the UEMS European Board of Surgery because of its particular organisational structure. The template is relevant to Sections, Divisions, Working Groups and MJCs.

Organisation of the European Board of Surgery

This is not pyramidal but consists of 4 Focus Groups organised in a flat collective-member driven paradigm. These Focus Groups are the ETR FG, the Assessments and Exams FG, the Recognition of Qualifications FG, and the Engagement of Fellows Focus Group, which is a relatively recent addition. Its objective is advancing involvement of EBSQ Fellows. Each has Coordinator and Members. I am the Coordinator for all the Focus Groups.

How does it work?

Since the structure is not pyramidal but multi-layered and flat, it allows for decisions to be taken at nodes where there is maximal information flow. Networking is done through e-mail in preference to TC (Zoom) Meetings, principally because it gives participants more time for reflection, leading to improved decisions. On site Meetings are held together with the UEMS Section Meetings, twice yearly. Next Meeting is to be held in Malta on the 26th, 27th and 28th of September 2024.

Continued in next page.....

Topics tackled in the past year:

- 1. New (4th) EBS Focus Group dedicated to engagement of Fellows**
- 2. Authentication of EBSQ Documents in General – Ibrahim Edhemovic**
- 3. Authentication of EBSQ Certificates**
- 4. Setting up an Association of EBSQ Fellows - Christos Markopoulos**
- 5. Leading on Standardisation of Terminology, Glossary and List of Acronyms for WG Postgraduate Training**
- 6. Elaborating on UEMS ETRs and UEMS EBSQ Surgical Specialty Examinations with our emergent Central and Eastern European colleagues and trainees**

EUROPEAN UNION OF
MEDICAL SPECIALISTS

The advocate of medical specialists

7. **Reviewing new or re-edited Specialty ETRs**
8. **Exploring the possibility of using *unedited* videos of operative procedures performed by applicants as documentation for Eligibility for EBSQ Specialty Examinations. Application and problematics.**
9. **Issues with UEMS EBSQ Exams Registration payments**
10. **Formatting formal communications by Divisions, WGs and MJCs**

This list should be seen in the perspective of the UEMS Body Report submitted for the EBS before the UEMS Council Spring Meeting in March 2024. It is a brief but clear outline of the work of the EBS. To elaborate on each topic would be possible, but would result in a very extensive document, which would go well beyond the aims of the corresponding Template.

Arthur Felice

President of the European Board of Surgery

5th September 2024

UEMS BODY REPORT – 01/2024

UEMS Body name	MJC on Adolescent Medicine and health	
Website link	-	
Bureau of the Section/MJC/TFs	President: assoc. prof. Lina Zabuliene Email: lina.zabuliene@mf.vu.lt	Secretary: - Email: -
	Treasurer: - Email: -	Vice- President: Anna Gutniak Email: agutniak@gmail.com Vice- President: Bernarda Vogrin Email: bernarda.vogrin@hotmail.com
Secretariat of the Section <i>If you have a Secretariat, who takes care of it and where? (For ex administration done by the Section, Scientific Society, external legal entity)</i>	No Agendas and minutes taken care of by President or vice presidents of MJC	
Date and location of upcoming meetings	24th September 2024, online 17-18th October 2024, Brussels (Bureau) Next meeting: Late autumn or early winter 2024	
Number of delegates in your Section	31 registered delegates	
European Training Requirements	Not an ERT	A short list of training objectives was submitted for discussion during the UEMS General Assembly in October 2021. The "Training Objectives for UEMS Specialists Pertaining to the Care of Adolescents and Young Adults" were officially validated during the General Assembly on 30th April 2022, with the latest version from September 2022 available on the UEMS website: Our structure uems.eu (odoo.com) Supported by EuTEACH, the MJC has developed related tools (slides, videos), available on the EuTEACH website. The first draft of the Adolescent Medicine curriculum (module description) was introduced in August 2024 and discussed with MJC delegates, as well as the presidents of Euteach and European Academy of Paediatrics, invited to the MJC meeting in September 2024. Collaboration with EUSUHM, IAAH, and UEMO is planned for October 2024.
European Examinations	No	No European examination available. However, adolescent health topics are included in the examination for paediatric residents organized by the European Board of Paediatrics (EBP).
Exam Appraised by CESMA	No	Discussion ongoing regarding integrating adolescent health topics into UEMS discipline exams. This will be addressed at the UEMS Council in October 2024 or April 2025.
Honorary Diplomas	No	
Preparatory Course	A training course on adolescent medicine and health was organized by EuTEACH in in collaboration with the University of Lisbon 2024 (July 7-12), based on the training objectives available on the UEMS website.	
Number of EACCME events reviewed in your specialty in 2023	-	

Names of EACCME reviewers (please add row if you have more back up reviewers)	Name:- Email:-	Name:- Email:-
Visitations of training Centres	NA	Consideration for future initiatives.
Please list joint activities with other UEMS bodies (participation in MJC's, TFs, etc... list available here)	Assoc. Prof. Lina Zabulienė is a representative of Lithuania at the UEMS Endocrinology Board, a member of the Rare and Undiagnosed Diseases MJC, and part of the UEMS Working Group for Ukraine.	
Please list joint activities between your Section/MJC and the relevant European Scientific Society	<p>If you have a written agreement, please name it.</p> <p>Assoc. Prof. Lina Zabulienė, MD, PhD, is a member of the Education Committee of the European Society of Endocrinology (ESE) and on the Program Organizing Committee for the next ESPE and ESE Joint Congress in 2025.</p> <p>Dr. Anna Gutniak, MD, is a founding member of the Nordic Adolescent Medicine Network and on the organizing committee for the 23rd IAAH European Regional Conference on Adolescent Health in Copenhagen, October 2024. She also serves as the secretary of the Swedish Association of Adolescent Medicine.</p> <p>Dr. Bernarda Vogrin, MD, PhD, is a board member of EUSUHM and part of the organizing committee for the EUSUHM 22nd Congress in Potsdam, Germany, October 2024.</p> <p>Prof. Helena Fonseca is past Vice-President of the IAAH, past President of the Portuguese Society for Adolescent Medicine, member of the Scientific Committee for the 23rd European IAAH Conference, member of EuTEACH and Coordinator of the EuTEACH Summer School 2024 which took place in Lisbon and was, for the first time, organised outside the University of Lausanne. She currently co-chairs the European Academy of Paediatrics (EAP) Adolescent Health Strategic Advisory Group.</p> <p>Professor Flora Bacopoulou, MD, PhD, served as an examiner for the International Federation Examination of Pediatric and Adolescent Gynecology (IFEPAG) in 2024. As a founding member of the Hellenic Society for Developmental-Behavioral Pediatrics & Adolescent Medicine and Health Care, she has also been actively involved in the European Society for Paediatric Endocrinology (ESPE), the European Society of Contraception and Reproductive Health, and the International Association for Adolescent Health.</p>	
Are you involved in projects funded by EU?	Yes	Name:- Professor Flora Bacopoulou is currently participating in the EU funded program "HEALTH HUB - Healthcare & Pharmaceutical Industry Transformation through Artificial Intelligence Digital Services" (code 6001682) in Greece.
IT provider (e.g. website, examination)	"Training Objectives for UEMS Specialists Pertaining to the Care of Adolescents and Young Adults" available on the UEMS website: Our structure uems.eu (odoo.com) . Teaching tools (slides, videos) are implemented across multiple platforms, including UEMS and EuTEACH website: www.euteach.com	
Comments	We are grateful for the ongoing support from Prof. Pierre-André Michaud, former MJC president, UEMS Presidency, and Secretary, and the collaboration with EuTEACH and the European Academy of Paediatrics.
