4. Draft for new UEMS CPD Policy *

After the April 2024 meeting of the Working Group, a smaller Task Force was created to pursue the drafting of the revised UEMS CPD Policy.

The former policy, the Basel Declaration from 2001, is in the link below:

[BASEL DECLARATION | uems.eu](https://uems.eu/BASEL_DECLARATION)

In the Task Force, it was decided that *CBME (Competence Based Medical Education) and CPD*, would be included in the draft UEMS CPD Policy, not as a separate independent statement.

Members of the Working Group are asked to read **the draft document (attached)** in advance and to be prepared to give their comments at the WG meeting. The Task Force will continue to work further with the draft and also the UEMS EEC (Enlarged Executive Committee) will have it on its agenda.

5. Developments in the CME/CPD situation in the UEMS member states and specialties – members of the WG are encouraged to tell about interesting new developments.

6. AMEE (Association for Medical Education in Europe) Survey of the CME/CPD Systems Globally – for information.

This survey has been finished . Some of the European results were reported at the AMEE Conference in Basel in August 2024 (**attached**) . The results will later also be published in the journal *Medical Teacher* (open access).

7. Any other business.
